

indusium (2013) – programme note

indusium is a work-in-progress; an exploration of additive compositional process. Groups of material are added to and extended by step, the visuals reflecting the changing timbral colours caused through unexpected crossovers in pitch and rhythm.

Significant Performances:

- *Piksel* Festival, Bergen, Norway, November 2014 (installation)
- <http://14.piksel.no/2014/11/05/indusium>
