

# Let's Talk – Interoperability between University CRIS/IR and Researchfish : a case study from the UK

Anna Clements, University of St Andrews  
Gavin Reddick, Researchfish

CRIS2016 Conference  
St Andrews, UK 8-11 June

## What we will cover

- Background
- Pilot
- Next Steps

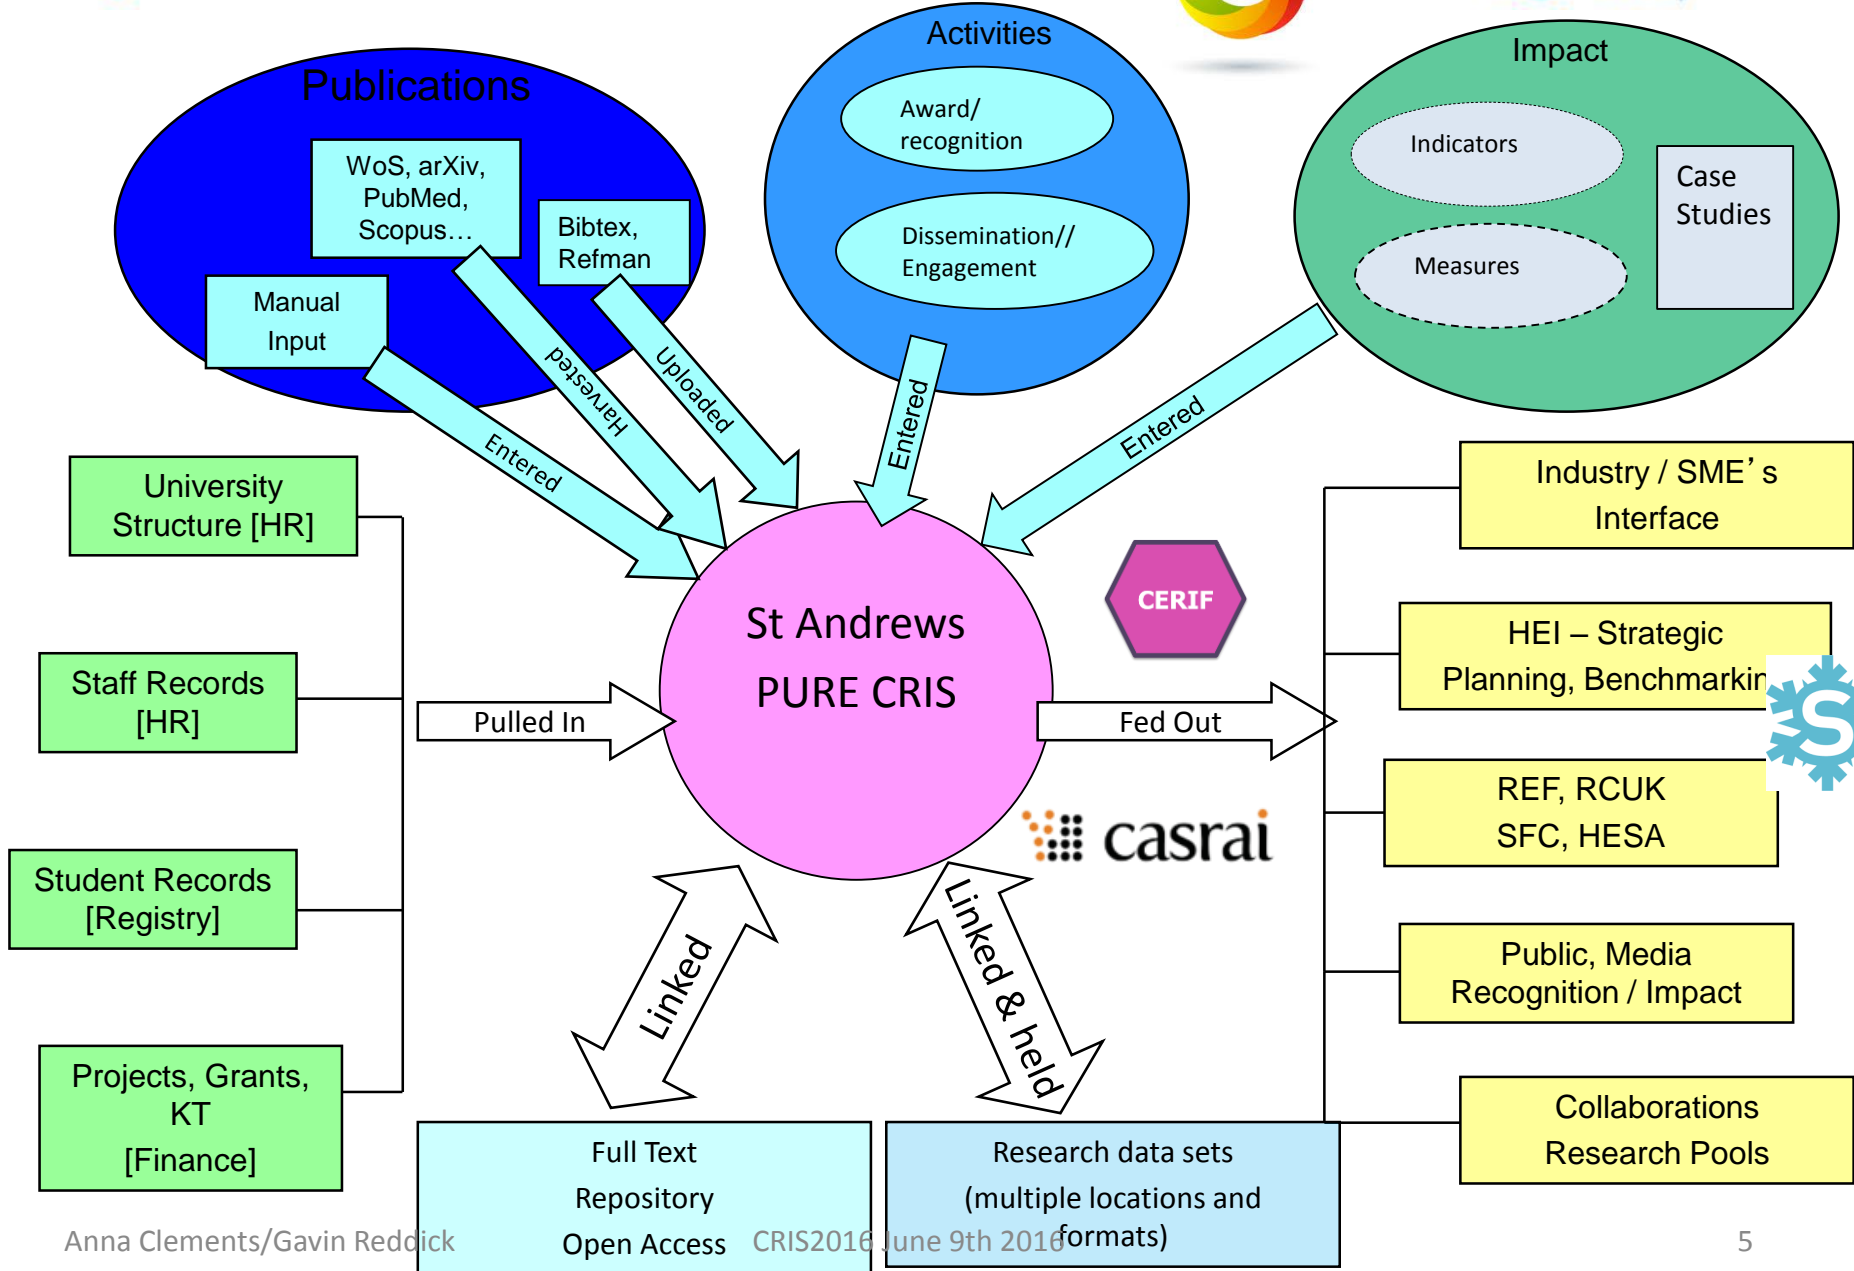

## Funders and Universities require information

- Manage research portfolio
- Policy compliance
- Reputation, promotion & impact
- Accountability
- Benchmarking
- Analyze relationship between funding and outputs
- Digital asset management – research outputs

**Open Access is here!**

## Background on Researchfish

- MRC e-Val (2008), Researchfish (2011), Disciplinary expansion (2014)
- Over 100 organisations in 5 countries
- Over £40 billion of funding
- Over 100,000 awards
- Around 65,000 researchers
- More than 1.7 million outputs reported

## Pilot

- **Purpose:** to understand the feasibility of information exchange between Researchfish and university repositories
- **Scope:** Publications with 1 to 1 identifiers - DOI/PMID – paired with award reference
- **Steering Group**
- **Project Team**

## Participants

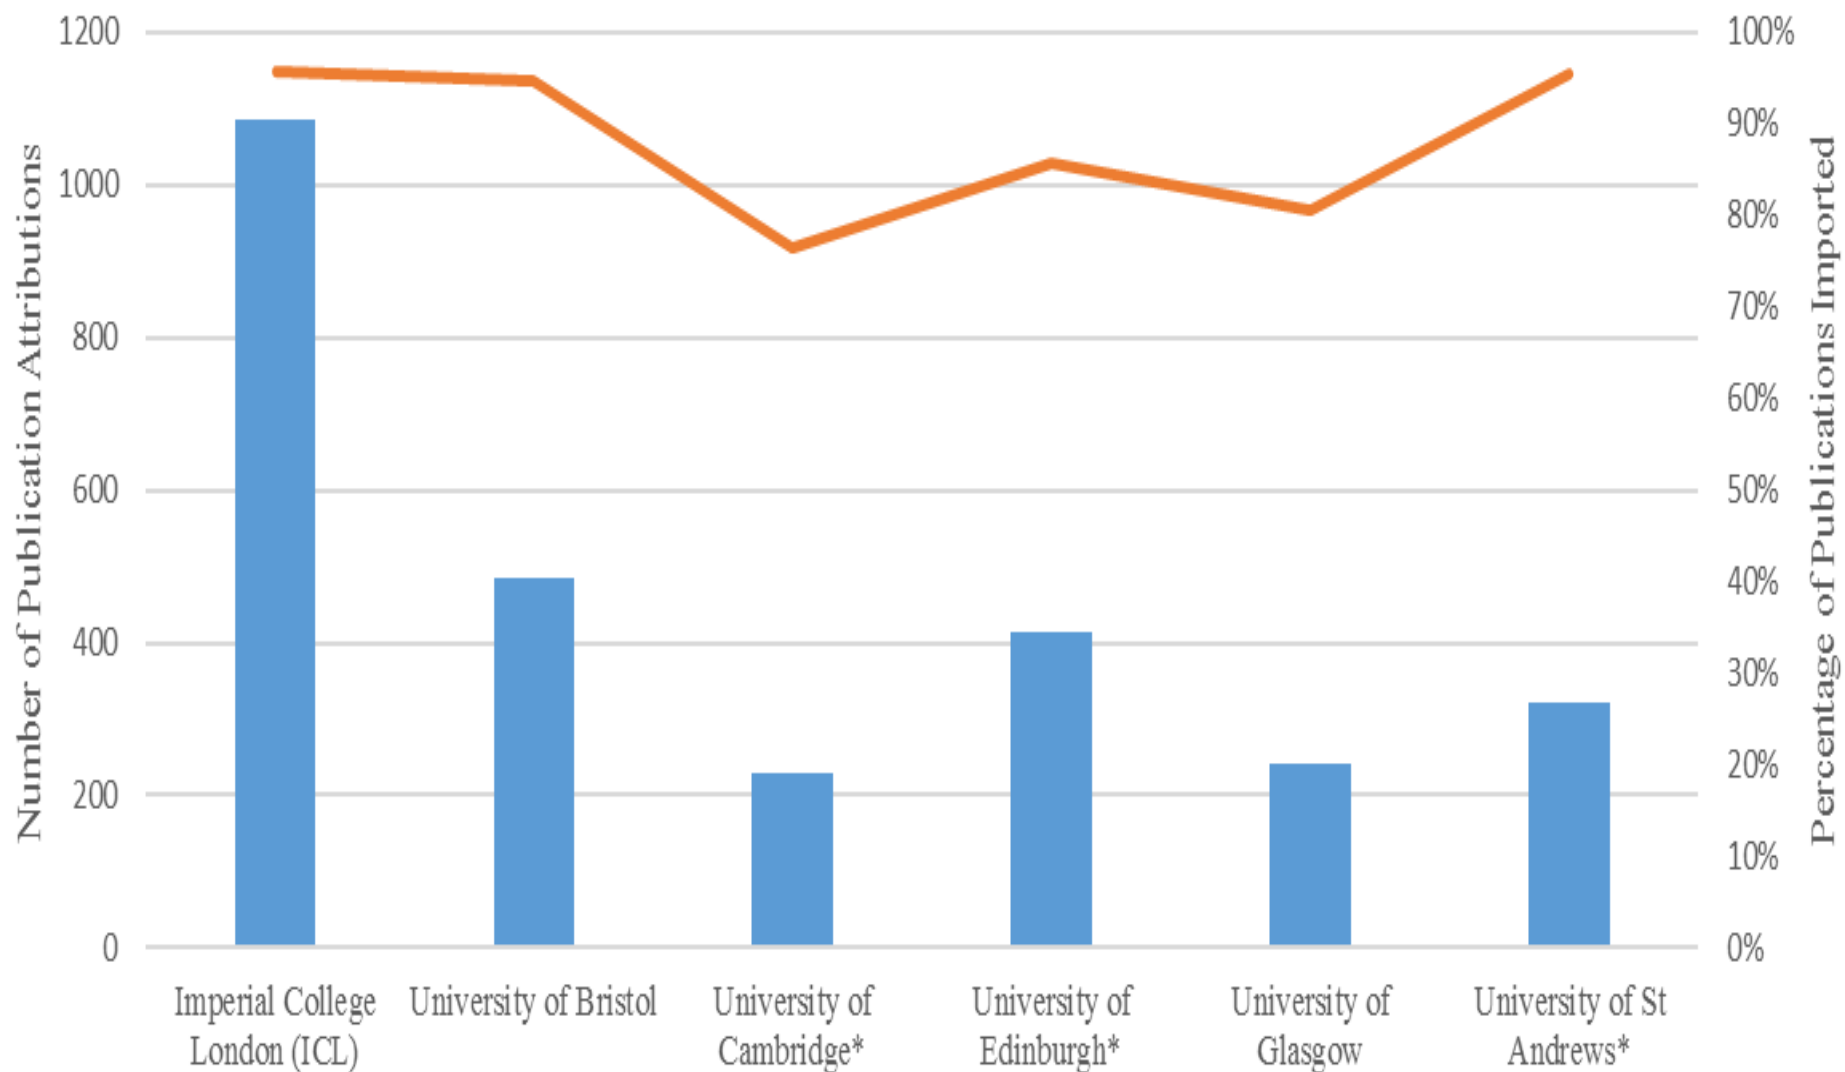

- **Research Organisations:** Imperial College London, University of Bristol, University of Cambridge, University of Edinburgh, University of St Andrews
- **Funding Organisations :** AHRC, BBSRC, EPSRC, ESRC, MRC, NERC, STFC, NC3R, Academy of Medical Sciences, Cancer Research UK

## Pilot Timescale

Task		
Agree scope	Project team	15 <sup>th</sup> Sep 2015
Prepare data upload	Pilot universities	By 6 <sup>th</sup> Nov 2015
Validate data	Researchfish	Nov – Dec 2015
Upload data into Researchfish	Researchfish	Dec 2015
RCUK submission period	Open to all researchers from all research organisations	Feb – Mar 2016
Analyse submitted data	Researchfish	Apr – May 2016

# Publications Supplied for CRIS Import to Researchfish and Percentage of Publications Imported

Number Supplied

Importable

\* = Partial Data Supplied

# Publication Attributions

# Outputs Attributed by Type & Date

- Publications
- Collaborators
- Further Funding
- Engagement
- Policy Influence
- Next Destinations
- Research Materials - Tools & Methods
- Research Materials - Databases & Models
- Software & Technical
- Creative and Artistic
- Medical Products
- IP
- Spin Outs
- Facilities
- Recognition

# 2015-16 Publications by Research Organisation and Source

## Next Steps - July 2016 +

- Researchfish development to further support data exchange
- Scaling up of pilot – each institution to expand to the whole university and all funders
- Data to be added in advance of 2017

## Beyond publications with DOIs

- Feedback from Researchers – v. positive and want it to continue/ extend to other outputs
- User communities e.g. Impact and Activity Model developments in Pure
- CASRAI-UK & Open Standards
- DOIs on acceptance / Crossref
- RCUK grant application system
