School of Education

We shape teachers who shape the world

Welcome to the School of Education at the University of Newcastle.

Our mission is to shape teachers who shape the world – we are known for being educational trailblazers and committed to our community!

We advocate for the teaching profession and operate within a whole of profession eco-system that links schools, university, education sector and the community. We ensure our students are confident across all domains of learning – cognitive, affective and psychomotor.

The School of Education continues to be at the cutting edge of our field in both teaching and research. We are recognised for our focus on excellence and equity and innovation.

Learning, Teaching, Research, Community

The image shows the top portion of the Fulbright Commission website. At the top left is the Fulbright Commission logo, which includes the text 'FULBRIGHT COMMISSION' and the tagline 'EDUCATE • EXCHANGE • ENGAGE • LEAD' below it. To the right of the logo are social media icons for Facebook, Twitter, YouTube, and LinkedIn, followed by a search bar and a 'Menu' button. Below the header is a navigation menu with the following items: 'About us', 'Our programmes', 'EducationUSA advice', 'Our community', 'News and Events', and 'Support'. The main visual is a photograph of three people of diverse backgrounds (a woman with long blonde hair, a man in a black puffer jacket, and a woman with a blue headband) smiling and talking to each other. A dark blue semi-transparent box is overlaid at the bottom of the image with white text.

From 17-year-olds to septuagenarians, we support education exchange between talented people of all backgrounds between the UK and the USA

Distinguished Awards in Teaching Programme for International Teachers

The [Fulbright Distinguished Awards in Teaching Research Program](#) (Fulbright DA) provides an opportunity for K–12 educators from the United States to conduct research and engage in other professional learning experiences abroad for three to six months. Fulbright Distinguished fellows complete individual inquiry projects on a topic relevant to education in the United States and the host country, take courses at a host university, and share educational practices with colleagues.

Full details and the link to the application can be found on the [Distinguished Awards in Teaching](#) page.
